

# 5 REASONS TO HAVE A WILL

1

A will is very affordable, and you can change it at any time.

2

You can decide how your assets should be distributed.

3

You can choose who will plan your funeral and manage your estate.

4

You can establish a legal guardianship and trust for your minor children.

5

Going through a major life transition, such as having a baby, divorce, or remarriage is a good time to discuss a will with one of our attorneys.
